Roads: Brian gave a report of the activity of the workers throughout the month, they repaired the asphalt on Colton where culvert was replaced, the county fixed the road at Parkman and 82. There was discussion as to where we should proceed with Mr. Belknap on Bryant Rd. He apparently has installed his own culverts without approval of the Trustees. Danny will be going to speak with Chris Meduri on the issue to see where we need to go from here.

The discussion Gotham Rd. was continued and Mr. Ionno was present, he has purchased the land and intends to make two parcels.

Zoning: Joe gave an update of the status of the scheduled demolitions and 8394 Gotham is ready so the culvert will need to be put in by August 1<sup>st</sup>.

He wanted to address the Belknap property on Bryant due to the semi-trailers being brought onto the property. This seems to be gray area in zoning that is going to have to be researched further. He will be scheduling an inspection of the property with Mr. Belknap and will then take this up with Chris Meduri. He noted some high grass issues.

Fire District: Rich gave an update of the activity at the Fire Department.
