Roads; Brian reported that the sealing was completed on Bryant and Wadsworth and the chip and seal on Horn and Brosius. The ditching project on Hewins Rd. and a culvert issue was taken care of on Gotham at the request of Mr. Billman. There is an issue o Colton Rd. that will be addressed early next week.

Zoning: Joe Pinti gave a report of several issues he had this month with no new permits issued. The family of Penny Robbins was present to discuss the pending demolition of the house and they had some questions and were basically looking for a time line so they may get what is salvageable out of the house and what their options were for storage. They were advised they may have at least a 30 day notice once the demolition is scheduled and Joe Pinti will meet with them after the meeting in regards to the storage shed requirements.

Brian also reported that he has received complaints from residents about barking dogs; the only option is to contact the dog warden or sheriff's department as we have no control under zoning to address the issue.

Cemetery: Nothing

Fire District: Nothing

Other Business: Brian presented a resolution that the village gave to Mr. Brock on Horn Rd that would have to do with culvert repair; he ended up paying for the culvert repair himself since the village would not assist.

There being no further business meeting was adjourned
